Join us for a day of biblical exposition and exhortation at the Signet Ring Ministries 2011 Annual Conference—*Israel and the Church: Exploring the Unity and Distinction of God's Chosen People*. It is essential to understand the place of the Jewish people in God's plan of salvation if we are to adequately appreciate the Church that is being built by Jesus Christ. As we draw nearer to the end of the age, the issue of the relationship between Israel, the Gentiles and the Gospel will intensify. In this **free conference** (free will offering taken), eminent Old Testament Scholar Dr. Walter Kaiser Jr. joins Ryan Habbena to unpack the scriptural significance of God's plan for ethnic Israel and how Gentiles have become partakers of God's promises through the person and work of Jesus Christ.
